FROM TABOO TO TREND: **THE GLOBAL CANNABIS REVOLUTION IS HERE**

Do you remember the sweat and the nerve when trying to buy weeds from a complete stranger off the street? There was no transparency in price. No credibility on the seller. You didn't even get a chance to compare the quality of the products.

And for those parents out there, they had to worry about keeping cannabis out of their children's reach. Similarly, it was an upward battle for people to get their hands on cannabis for some physical relief. They were just looking for a more natural way to improve sleep, nausea, pain relief, skincare or mental health.

Luckily, things are different now. It is safe to say that the cannabis industry is undergoing exciting transformations around the globe. In some countries, cannabis is legalized and regulated by the government, while others are looking into legalization. Through government regulation cannabis consumers get to know exactly what they are buying and have plenty of options to choose from. However, this also means cannabis businesses need to ...
